The Saint Paul Police Department Professional Development Institute is hosting Senior Officials Workshop for WMD and “Terrorism Incident Preparedness”. The Senior Officials Workshop for WMD and Terrorism Incident Preparedness is an executive-level workshop for elected and non-elected city senior officials to discuss strategic and executive-level issues and challenges related to weapons of mass destruction/terrorism preparedness, and to share proven strategies and practices for managing such potentially catastrophic events. It is designed for a small group method of delivery to approximately 15-20 participants. The seminar integrates multimedia scenarios and vignettes that highlight the key issues and facilitate discussion. The executive seminar theme is “Knowing the right questions to ask... and getting the right answers.” Participants receive a Senior Officials Workshop for WMD/Terrorism Incident Preparedness Executive Handbook outlining potential executive-level issues and discussion of topics using the preparedness (pre-incident), response (incident), and recovery (post-incident) phases of the crisis/consequence management framework.
